

Ben W. Johnston, Esq., the City Clerk, purchased a new Bible yesterday, upon which to qualify witnesses in the City Court. It has already been tastefully adorned on the lid with representations of the Cross, done in black writing fluid by the Clerk's own hand. The design is perfect in its way, and are worthy the attention of amateur artists. It is remarkable that the edition of the good book heretofore used in the Clerk's office is in a high state of preservation within; that while the binding is so sadly worn and decayed as to render it utterly useless for purposes of qualification, not a text of the scriptures within has been soiled or defaced—an unerring evidence that it has never been for a moment diverted from the use for which it was originally purchased; that is, the qualification of witnesses. Not by an order of Judge Johnston, but by the act of one employed to make conveyances, the rejected Bible has been placed in the hands of a lover of old books, who prizes it highly as the sacred volume which Mayor Pilcher kissed with so much fervor when he took his oath of office. The book may be seen for a few days upon the desk of our local editor.

The prisoner's bench in Police Court yesterday morning presented a motley array of prisoners, arranged for drunkenness and other misdemeanors. Indeed the business of the court had the appearance of a re-creation of the affairs of the past month. There were Daniel Martin and two children, Pat Hickey, Charles Yater, Philip Day, Rachel Wright, an Irish child, Luke Quinn, Enoch Pope, and, as if these were not enough to complete the disgusting scene, Jane McManus, otherwise "Wag Earle," was of the party, all caught at one time of the official net. They were found at the head of Washington street, in a beastly state of intoxication, and the adults, with the exception of Jane McManus (who, for the first time in her late experience, was comparatively sober), were sent to the Work-house, while the children were sent to the almshouse. The other cases of drunkenness were disposed of in a few minutes.

The outrage upon Jesse Talbott—On Friday last, the day after the difficulty occurred between Nat. Dubois and Jesse Talbott, we gave the particulars of the affair. On Sunday morning we stated that Dubois had not yet been arrested. Mr. White, the City Marshal, in forms us that immediately after the warrant was placed in his hands the morning subsequent to the day upon which the outrage was committed he informed Mr. Hill, the keeper of the Workhouse, at which Dubois was engaged as quartermaster, of the fact that he had the warrant in his possession for Dubois' arrest, and that Mr. Hill pledged himself to retain Dubois in his custody at the Workhouse until such time as his presence should be required at the Police Court; but that for this pledge on the part of Mr. Hill, he should have proceeded immediately to the Workhouse, arrested Dubois and placed him in jail. The testimony in Police Court yesterday seems to have differed materially from the statements of witnesses at the time the shooting was done, as we perceive both parties were held to bail in \$300 each for an over an indictment for an affray.

Railroad accident—The train over the New Albany and Salem Railroad, which connects with the cars over the Ohio and Mississippi Railroad at Mitchell, and which was due at New Albany yesterday morning at 5 o'clock met some obstruction near Campbellsville, so miles west of Salem, and the tender, baggage car, and one passenger car were thrown from the track. There was no injury done to any one, and the cars were soon replaced again, by the regular and competent officers of the train.

It has been made the duty of the Mayor to purchase a pair of horses for the new steam fire-engine, *Delphic*. Mayor Pilcher and a posse of Councilmen were jokingly about yesterday with that view. They had tried several animals in the machine, and a pair of fine-looking bays, the property of Mr. Peter Merkle, the beer-drinker, gave general satisfaction, but the price (\$550) was rather above municipal views.

The Negro firemen of Savannah, Ga. had a grand public procession there on the 4th inst. There were ten companies altogether, making some 600 men, with their engines and hose cast tastefully decorated with flowers and wreaths. In the course of the day they were reviewed by the Chief Engineer, the Mayor of the city, and Aldermen.

Margaret Daily was made the subject of a peace warrant in Police Court yesterday, sued out by Elizabeth Saunders. The parties finally agreed to submit the decision of Officer Enloe, who seemed to know them both intimately. The agreement was rather unfortunate for the Saunders woman, and the warrant was dismissed.

The Grand Jury for the city was in session again yesterday, and heard a large amount of testimony. A great many indictments were found, of which no return will be made until next Tuesday. Several persons are understood to have been indicted for participating in the disturbance at the first ward picnic last Monday week.

Our able contemporary, the *Evansville Enquirer*, is now published regularly on Sunday morning. We commend its taste and morality, as the editor and employees are thus enabled to observe the Christian Sabbath, and their subscribers have the advantage of a good Christian paper for Sunday reading.

The Great Eastern—The question as to the destination of the leviathan steamship *Great Eastern* has been settled. The Grand Trunk Railway Company have already made arrangements for the vessel to come to Portland, Me., to connect with their splendid iron highway.

A peace warrant, the parties to which were Margaret McCaffrey, re. Rebecca Courcain (mother and daughter), residing in Portland, was tried in Police Court yesterday. The husband and father of the Courcain gave bond for the good behavior of his family.

See advertisement of salesman wanted. The house wishing such salesman is a leading one on Main street, and a man from twenty-five to thirty years of age, thoroughly competent, will be preferred.

Dr. Jones will be compelled to remain at the Galt House a few days longer, to get through with the immense number of patients now on their way to see him from various parts of the State.

Elizabeth Hawley, from the best representation, was yesterday held in Police Court yesterday to answer a charge of cruelly beating a little daughter of Nicholas Price.

Personal.
—L. W. Mason, Esq., the accomplished music-teacher, late of this city, but at present engaged in the city schools of Cincinnati, has tendered the compliment of a concert for his pupils in Cincinnati. Mr. Mason is deserving of any compliment his new friends may see fit to pay him.

—The Henderson Commercial passes a high eulogy upon the life and character of the late P. S. Buckingham, a lawyer of that city, who died on Friday last.

—Mrs. Martineau, the ventriloquist and musician, is giving entertainments in New Albany.

—Dr. Evans, of Covington, while taking a buggy ride with his wife, Sunday evening, met with a serious accident, by being thrown from the vehicle. His lady escaped uninjured.

—W. G. Overton, long known as a newspaper man in this city, will start to Washington City to-day, with the view of making arrangements for a permanent residence in the National Capital.

—Capt. T. Willie Andrews has been elected to the command of the Louisville Guards, vice L. B. White, resigned. Capt. Andrews has been in service, and is calculated to make an admirable commanding officer.

—We learn that ex-Mayor Barbee, of this city, returned from a business visit East this week. While he was in New York we hear that he was offered \$5 for Louisville bonds.

—Our accomplished young friend, Dr. Alex. Forsyth, the eminent surgeon, has been announced as an independent candidate for Governor.

Theater—The *Marsh Troupe*—There was a large and delighted audience present last night, but not so large as will be, when the people learn what they will enjoy by going. We said last night that the evidence of our eyes—it was almost impossible to believe that of those actors and actresses were children. The entire performing troupe is composed of little girls and boys, the oldest not more than twelve or fourteen years of age, and the youngest about six. Such perfect ease and grace of self-possession—such precision in all their movements—such excellence of manner, as to compare the part of "William" admirably with the "Sultan" delightful.

Freshet at Corning, N. Y.—Great destruction of property.—The village of Corning, New York, is suffering from the effects of a terrible freshet. The principal bridges have been torn away, a number of houses have been swept off, nearly all the cellars have been flooded, and communications between the upper and lower parts of the village have been entirely cut off. The destruction of property is very great. The running of trains on the Erie Railroad has been temporarily suspended. At last accounts, however, the water had in a measure subsided, and the danger was considered past.

The Union kindness and gallantry of the City Judge has given him the confidence of great numbers of that unfortunate class of poor women who have no natural protectors, and no one to read and write their correspondence, and as is consequently the amanuensis or private secretary of a score or two of indigent females. It is suggested that the City Clerk should have a portion of these duties, or that his honor should be allowed a deputy to relieve him of a set of this new service, which commands no respect.

We were in error in regard to the statement that the Kentucky Fire Company, of this city, had been invited to be present at the laying of the corner stone of the City Monument, at Lexington, on the 4th proximo. They will attend, however, upon their own hook, and will take with them their beautiful new hose-carriage, the "Henry Clay," which bears fine likenesses of Mr. Clay and Daniel Boone, and a faithful view of Ashland. We have no doubt but the gallant "Kentuckians" will be as welcome wherever they had a dozen invitations.

Several alterations and amendments to a progress at Court-house No. 2. When completed, the Auditor's, Treasurer's, and Assessor's offices, will be removed from the old courthouse to the second floor of the new building, and the office of the Chief of Police will be upon the first floor—all of which arrangements will be good.

It is the 24th of June is the anniversary of St. John's Day—an anniversary peculiar to Masons. A number of the fraternity from this city and New Albany will attend a celebration at Bedford, Ind. We have not heard that any demonstration would be made in this city in honor of the event.

We learn from the Cincinnati Commercial, that it is now reported in Cincinnati, that a new Know-Nothing party is shortly to be established there, under the control of Col. L. A. Whitely, "working" editor of the Louisville Journal, and E. C. Cross, Esq., late of the Cincinnati Times.

We heard the statement made several times yesterday that Curran Pope, Esq., positively declined the Know-Nothing nomination for the Legislature in the Second District of the city.

Mr. Hunt, the bookseller at the corner of Preston and Market streets, has received the fifth number of Griffo's celebrated Dictionary of the German and English and English and German—an invaluable work. Mr. H. also has the back numbers on hand.

Mr. Jacob Ruckstuhl, Esq. is now recognized by Judge Johnston as Interpreter to the City Court, and we believe the other contestants, Messrs. Hartman and Schroeder, have relinquished all pretensions to the place.

The New York mails have been irregular for a day or two past, occasioned by the recent frosts in New York. Yesterday we received our New York exchanges of Thursday, Friday, and Saturday last.

The Henderson Reporter understands that the army worm is doing considerable damage in various parts of the country. In some cases they have destroyed considerable fields of corn.

We saw the new moon for the first time last evening. Its appearance indicates dry weather, according to the observations of the Italians, as a powder-horn would hang conveniently upon its lower extremity.

The Democrats of the Third District of the city, embracing the Third and Fourth wards, will meet this evening for the nomination of a candidate for the Legislature.

We have received no further official returns from the election for Appellate Judge in this District.

Several dogs, which have died from the effects of poison administered by the policeman, lay about the streets last evening.

The river is falling at this point, with about six feet in the pass on the falls.

We are indebted to W. A. Putnam, Esq. for Cincinnati papers of yesterday.

The St. Louis Intelligencer, of Monday, contains the following interesting items of news:

Flood coming.—The last arrivals report the upper Mississippi very high, having risen during the night, all through the upper country. Every tributary was booming, and the Mississippi in some places out of its banks. This account is borne out by a statement in another column, from the Chicago Press, of the 19th inst. A gentleman who just returned from St. Paul, a gentleman who arrived yesterday by the cars, from the upper Missouri, reports the river rising very fast. Heavy rains had fallen, and a fine stage the river was expected to rise.

We regret to learn that in the storm which passed over this vicinity on Tuesday evening last, a flatboat laden with about 4,000 barrels of flour was sunk near the mouth of Collet creek, a few miles above this city. Under the action of the wind and waves she broke in two, or rather went down stern foremost. There were five men on board, who just managed to escape with their lives. The cargo is, of course, in entire loss, and we regret to add, uninsured.

Singular accident.—The steamer *White Cloud*, from St. Paul, on Wednesday night last, just below Lake Pepin, ran into the woods. A large tree, just forward of the stern, was struck, and the water wheel, which was on the wheel, and tore off the after gear, on which were hatched six miles. In some unaccountable manner, the mules were unharmed, and the boat, which had rounded a point, and took them on board again.

Movement of troops.—The steamers *White Cloud* and *Minnesota* both brought down from Port Snelling about 500 United States Infantry, and transferred them to the *Oceanic* and *Colt*, for Port Leavenworth.

Crops in the Miami Valley.—An intelligent farmer from the Great Miami Valley informs us that the farmers are greatly encouraged by the excellent prospect for large crops. He says that the wheat fields promise to yield extraordinary quantities of the precious grain out of which comes our daily bread. The grain crops have not yet damaged by a heavy fall of fine weather, and the harvest will be one in which the richest of the fat of the land will be reaped. The corn is not flourishing excessively well, but is doing as well as can be expected, while there is yet time for it to mature. The gardens, orchards, pasture lands, melon patches, and meadows are all in flourishing condition.—*Cin. Com.*, 23d.

DEAFNESS.—Dr. Jones has successfully treated and cured over one hundred and fifty cases within the last six weeks. He has so many cases on hand that he will not be able to get off for some days.

Great Bargains in Summer, Fancy, and Staple Dry Goods.—We would invite the attention of ladies, especially those visiting our city in search of the latest styles of all kinds of fancy dry goods, to the stock at the house of G. B. Tabb, corner of Fourth and Market streets. In order to reduce his stock previous to making his fall purchases, he will offer from this date until the close of the season his entire stock of fine silk, large, grand, and elegant robes, silk and lace mantillas, umbrellas and lace goods, organdy and jaconet muslins, large and small, parasols, &c., at greatly reduced prices. His stock of the above goods cannot be excelled in point of variety, style, and elegance by that of any other Southern or Western house. Ladies will find it to their interest before making their purchases to examine the goods at this house. Corner of Fourth and Market streets.

Important to Farmers.—An experienced farmer says that Porter's Oriental Life Liniment is worth a hundred dollars a year to him, and he would not be without it for at least ten dollars per bottle. Every farmer should keep a supply of this liniment on hand. It is a well-known fact that it is the most certain and reliable remedy known for the cure of fresh cuts, sprains, bruises, &c., in man or beast; and for the cure of saddle and collar-galls in horses, it has no equal. Two hundred and fifty thousand bottles of the Oriental Life Liniment have been sold in the last six months, and has given general satisfaction to all who have used it. It is sold by druggists and merchants everywhere, at twenty-five and fifty cents and one dollar per bottle. j2d d&w

We invite the attention of our readers to the very rich jewelry and watches of the Messrs. J. Fisher & Co., on Fourth street, under National Hotel, which they are offering at cost for the purpose of closing their business in Louisville. Now is a very rare chance to purchase fine jewelry and watches. It will be seen from their card that they request an early attention of persons owing them to their accounts. j2d d&w

White Teeth, Perfumed Breath, and Beautiful Complexion.—Can be acquired by using the "Balm of a Thousand Flowers." What lady or gentleman would remain without the cure of a disagreeable breath, when by using the "Balm of a Thousand Flowers" as a dentifrice, would not only render it sweet, but leave the teeth white as alabaster? Many persons do not know that this balm is sold, and the subject is so delicate their friends will never mention it. Beware of counterfeits. Be sure each bottle is signed FERGUSON & CO., N. Y. For sale by all druggists.

NOTICE TO AGENTS.

Impediment of Speech Cured by Dr. Jones of Philadelphia, in two hours without pain, the only man now living that can cure stuttering, &c., and requires no pay until his patient is cured and can talk and read without an impediment. He will practice at the Galt House, Louisville, till June 24th.

He treats deafness and chronic diseases of all kinds with a success never before known. And by the urgent solicitations of many persons that he has successfully treated, he has consented to continue his practice at the Galt House in this city till June 24th.

WATCHES, JEWELRY, ETC.—J. R. FERGUSON, of New York, has for sale a large stock of watches, jewelry, and fancy goods below cost price for the purpose of closing out his stock. Those who want excellent time pieces, fine jewelry, and fancy goods of every variety at very low prices, had better call at his store, No. 57 Fourth street. j2d
